Bechalors in Computer Science

National University of Computer & Emerging Sciences, Islamabad [19/08/2019 – 15/06/2023]

City: Islamabad

Country: Pakistan

Website: <https://www.nu.edu.pk/>

DIGITAL SKILLS

NEXT JS / Go/Golang / React JS. / JavaScript / MySQL / BootstrapCSS, TailwindCSS / POSTRESQL

PROJECTS

CELL (NEXT JS, Tailwind, NEST JS)

A Swedish Super store management application for Admins. I mainly focused on highly Interactive web design and solutions.

Twitter Clone (Next JS, Tailwind, Golang, PostgreSql)

This Project is a full stack application. In this clone, users can post tweets. Other users can like and comment on tweets. Further, users can chat in real time using web sockets.

Veteran Meet (MERN Stack)

Veteran Meet is web-based solution to connect with veterans and engage them into community services based on their interests. Veteran Meet aims to provide a social platform for retired professionals to give them positive vibe of life.

Automation Assisted Exploratory Testing(Final Year Project)

A comprehensive tool for testers to make process of exploratory testing of web applications more accessible. Using graph created by D3 library, testers can see different states of web application. This tool allows multiple testers to join a server and perform parallel testing.

Technologies: MERN Stack, Selenium, Firefox Add-ons, Python.
